

Name: \_\_\_\_\_

Score: \_\_\_\_ / \_\_\_\_

- Using the various tools and tips listed in Modules 1, 2 & 3, select a topic (this may be for an upcoming paper in this class) and choose 5 information sources, including:
  - 1 book (print or e-book)
  - 1 reference source (a general or subject-specific resource)
  - 2 articles using the databases (e-mail these to your instructor; if you need specific help with this, see the database providers' help pages or stop by the library for hands-on help).
  - 1 website; be sure to evaluate your website using the **CRAAP Test** or **Internet Searching Guide**.
- Include a brief evaluation of each item
- Enter your answers in the appropriate boxes below.

List a narrowed topic and your search terms, phrases and/or keywords in the boxes below:

Topic: 1 pt

Terms, phrases, etc.: 1 pt

Use these terms for each search

Source 1- Book (or e-book); 2 pts

Source 2- Reference source; 2 pts

Source 3- Article 1; include the database used; 3 pts

Source 4- Article 2; include the database used; 3 pts

Source 5: Website; use the search engine of your choice; include that and indicate what you like/dislike about that search engine; 5 pts (3 for the website, 2 for the search engine).
