

Name: _____

Score: ____ / ____

Using 5 of the sources you have located for Paper III, create an *annotated* Works Cited page. Each citation will be graded for correct MLA formatting, including heading, order of the sources, order of the elements within each source, spacing, indentation, etc. The 2-3 sentence summary under each source will also figure heavily in this grade.

See the handouts on MLA Style for reference. You may also refer to manuals available in the Library or access the links on the Library Services "[Research Guides and Resources](#)" page.
