

RPCC Library-Provided Online Databases (On and Off Campus Access)

All databases, whether the user is remote or on campus, can be assessed via this Library web page: <http://library.rpcc.edu/dbs.html>. A brief description of the contents of each database is provided to aid the user in choosing the best resource for their purposes.

Library Services has purchased access to over 60 databases and information resources from 12 vendors through consortia memberships and direct acquisition. *CQ Researcher* and *World Book Online* are not LOUIS consortium acquisitions; however, LOUIS manages the remote-authentication of users for LOUIS member institutions that have acquired those resources individually.

Free online database and information resources, such as *Medline-Plus* and the *Statistical Abstract of the United States*, are also listed on the Library's database web page, but are not listed here.

(List Current as of Fall 2007)

Database Vendor	Database Name	Acquired Via	Full-Text Access	Major Courses Supported*
CQ Press	CQ Researcher Plus Archive (1923 – Present)	Direct Acquisition	<input checked="" type="checkbox"/>	Humanities and Social Sci.
