Comments/Suggestions for Improvements (verbatim):

Very informative, Thanks a lot. I really needs this help.
 This will be a good type of service for the students to learn more hands-on.
 Great!
 Very insightful & appicable to my current life situations
 Great presentation I learned a lot.
 Dr. Nabors is awesome; he always get the pooint across in a great way. He's really great
 I enjoyed the workshop it made me think of things I never really did
 It was a great presentation.
 It was a very good workshop they should have more like this
 It was great! Made me think about everyday life and how I could deal with it.
 The workshop by Dr. Nabors was wonderful. He did a great job presenting it.
 I think this workshop would be beneficial for new students.
 Good speech
 Awesome
 I suspect that many students suffer from test anxiety, but aren't able to identify it as such. Great workshop to take into the classrooms.
 don't let people play computer games during because it makes others mad & lose consentration
 I enjoyed the presentation. I just felt like it was so much more could be said about this disorder because it is so many people are being deprive from this I feel like it's a learning this because it can be so bad a times when you don't understand
 This workshop is highly effective for students. I learned some excellent test taking techniques to use for my next test. I also, learned some relaxation techniques to use while taking a test. Thanks.
 This should be presented to 1st semestar college students!
